HUTCHINSON WORLDWIDE

Hutchinson designs and produces customized materials and connected solutions to **respond to the needs of its global customers**, on land, in the air and at sea. **Hutchinson is leading provider of rubber and thermoplastic elastomer products for automotive.**

- Subsidiary of  **TotalEnergies**
- **40,000 employees**
- **100 industrial sites in 25 countries**
- **Turnover 2020: €3.800 billion**

RESEARCH & TECHNOLOGY

Hutchinson has a state-of-the-art **Research & Technology Center** based in France, linked to **27 others Technical Centers worldwide.**

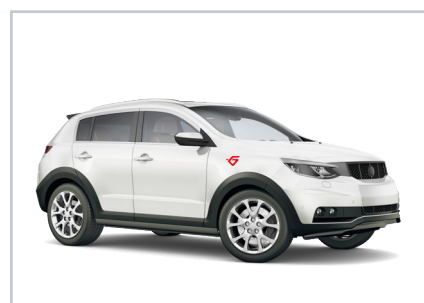

Hutchinson drives innovations in **Materials, Functions & Systems, and Manufacturing processes.**

HUTCHINSON BELT DRIVE SYSTEMS TRANSFERRING AND MAINTAINING POWER

Hutchinson **partners with the largest manufacturers:**

Industry

Automotive & Truck

Household Electrical Appliance

CONSTANT INNOVATION

Leading manufacturer, **specialized in ribbed belt transmission systems** (Poly V, Flexonic®, Conveyxonic®).

275,000 Poly V belts manufactured per day.

Our expertise is renowned in the field of **converting V-belt transmission systems** to a Poly V or Flexonic® ribbed belt solution.

Our difference: technical support and a local partnership.

- **Co-design, made to measure.**
- **Prototypes, measurements/characterisation.**
- **Validation process.**
- **Local support:** technical-commercial offices throughout the world.

The **Hutchinson partnership** is the **guarantee of both technical and commercial monitoring.**

MARKETS

We work with **the largest OEMs** in various sectors. We find **the most appropriate solution with the highest economic and technical added value!**

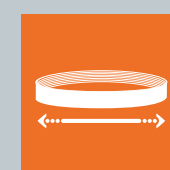

- **Reduced direct costs:** product range standardisation, removal of tensioning elements, compact transmission.
- **Reduced indirect costs:** transmission optimisation, fast assembly, reduced energy consumption, reduced maintenance intervals.
- **Spare parts market.**

HVAC
AEROSPACE
AGRICULTURE & GARDENING
CONSTRUCTION
CONVEYING / HANDLING
